Built in 2002, this property has been carefully maintained, offering a perfect balance between structural solidity and contemporary design. With 90 square meters of built-in space, the home is divided into two spacious bedrooms, each with generously sized built-in wardrobes for optimal storage. The two full bathrooms, fitted with quality finishes, provide functionality and comfort. The bright and inviting living-dining room opens onto an open space where natural light filters through floor-to-ceiling windows, creating a warm and sophisticated atmosphere. Additional benefits include a private garage and storage room, both included in the price, as well as access to a communal pool, perfect for cooling off on warm summer days. Just a few minutes' walk away is the seafront promenade, where the blue Mediterranean Sea blends with the horizon.
