## BENISSA

Benissa is a picturesque town located in the province of Alicante, known for its rich history, mountainous landscapes, and rugged coastline.

The old town of Benissa is particularly charming, with narrow cobbled streets, white houses featuring medieval details, and historical landmarks such as the Church of the Purísima Xiqueta and the Contracting Hall (Lonja de Contratación). The architecture reflects its Moorish and medieval past, offering visitors a journey through time.

In addition to its cultural heritage, Benissa boasts a beautiful coastline of approximately 4 kilometers, known for its coves and crystal-clear beaches, such as Cala Advocat and Cala Fustera. These areas are ideal for diving, snorkeling, and other water activities.

The town is also famous for its hiking and cycling routes that traverse both the coastline and the inland, allowing visitors to enjoy panoramic views of the Mediterranean and the rural landscapes. Benissa's cuisine is another highlight, featuring traditional dishes such as arroz a banda, dried octopus, and local sausages.

This is a home designed to harmonize with its surroundings and seamlessly blend into the natural landscape.

Its structure, made of concrete platforms and wooden pergolas, flows along the natural slope of the terrain, creating the interior living spaces.

The house is accessed via an entrance pavilion that offers panoramic views of the entire environment. Descending to the first level, you'll find the master bedroom, complete with a walk-in closet, en-suite bathroom, and private terrace—a secluded suite providing ultimate privacy and intimacy.

Continuing down, the next platform hosts the rest of the bedrooms. There are three spacious bedrooms in total, each with an en-suite bathroom and private terrace.

The third level is dedicated to the daytime living areas. There are two distinct spaces: one for the living-dining area and another for the kitchen. These can be joined by sliding doors, creating a large, open-plan space that connects directly to the outdoors through four large sliding glass panels. This fluid indoor-outdoor space allows you to enjoy the fresh air and stunning views with ease.

Finally, the basement level houses a large entertainment area, complete with a game room, TV lounge, bar, and a gym. Both rooms are filled with natural light that filters in through openings in the pool above, casting a shimmering glow from the water.

This home is finished with exceptional materials that add warmth and further enhance its dialogue with the natural environment.
