We present an exclusive residential complex in an elevated area of Alfaz del Pi, surrounded by Mediterranean nature and with all the services needed for daily life.

This exclusive project of 123 apartments has been designed for those seeking tranquility, well-being, and a carefully maintained environment. Each home offers spaces created for comfort, with spacious terraces, landscaped areas, and access to a communal swimming pool — all within an atmosphere designed to relax and enjoy the outdoors 365 days a year.

The design is complemented by communal areas that enhance the living experience.

1-, 2-, and 3-bedroom apartments, predominantly 2-bedroom, are designed with spacious living rooms and open kitchens, large windows, and direct access to south-facing terraces that fill every space with natural light. Master bedrooms offer generous space and high-quality finishes.

Most units come with either a private garden or solarium, perfect for enjoying the outdoors in a private and peaceful atmosphere. For those seeking an even more exclusive experience, there is the option to add a jacuzzi or private pool. In addition, every property includes a private parking space for your maximum convenience.

A contemporary, functional, and welcoming design that combines space, brightness, and a true connection with the Mediterranean environment.
